

## Team 2–Ninjas: Check your Understanding

**Try the questions below, to help determine how well you have mastered the posted Adobe Connect content on the Ninja Wiki space page.**

1. Which button at the top of the screen in an Adobe Connect meeting room would allow you to bring up items such as: Q & A, Chat, Poll, Weblinks and Files?
  - a) Meeting
  - b) Layouts
  - c) Pods
  - d) Audio
2. Which of the following user roles can view the layout dock and switch to new layouts in Adobe Connect?
  - a) Host
  - b) Presenter
  - c) Participant
  - d) All of the above
3. Which of the following is true of breakout rooms?
  - a) Breakout rooms take the layout that was in use when they were created
  - b) Breakout rooms can only be displayed in the Adobe Connect breakout room default layout
  - c) Broadcast messages will not display in breakout rooms if attendees are using their webcams while the message is broadcast
  - d) If names still appear under each of the breakout rooms after a host has selected 'End Breakouts,' a glitch has likely occurred within the program
4. What are the two ways to organize participants into breakout rooms?
5. Since breakout rooms cannot be recorded, how can you retrieve/save information from a breakout room?
